## ISS – Home Inspector Training (Program) Program/Course Contract

### Student Responsibilities

- a) Read, understand and agree to the terms provided ISS Education Policy. A copy of the “Policy” is available upon our ISS Education website.
- b) After carefully reading the course contract information on the website, work with your faculty mentor to develop learning expectations and then develop a detailed description of the proposed coursework (ISS-Home Inspector Training (Program)) that you will complete through this Contract.
- c) Agree to participate in “direct instruction” including discussions, webinars and Skype type interactions mandated to help in attaining a better understanding and opportunity for open dialogue and exchange in the course with the instructor and to further my knowledge of the home inspection profession.
- d) Agree to complete the courses and final examination for each course in the specified time frame.
- e) Agree that you the student are ultimately responsible to complete the course and must notify the faculty instructor immediately if extenuating circumstances arise.

### Faculty Responsibilities

We appreciate your extra efforts that enable the student(s) to take advantage of your experience and knowledge of Home Inspections.

- a) I agree to work with the student(s) to establish appropriate learning outcomes, assignments, due dates and criteria for evaluating the learning outcomes.
- b) I agree to respond as quickly and as humanly possible to assist students if and when questions arise.
- c) I agree to act fairly and be unbiased in my grading and evaluation of student submissions.
- d) After the student has officially paid and registered for the course the student will receive an email confirmation and basic information to access the course and ability to communicate with the faculty instructor.

### Acknowledgement:

The student will be required to send an email after initial contact is made that indicates the following:

*“I agree to the conditions specified in the “Program/Course Contract” and also to the terms stated in the “ISS Education Policy”.*
